

On Friday, January 10, the introduction of sanctions by the United States of America (USA) against NIS was confirmed. NIS is carefully reviewing all details regarding the published information. At the same time, NIS will remain focused on maintaining stability on the domestic oil derivatives market. The supply of the petrol station chain of NIS is currently regular. The Pančevo Oil Refinery is operating in normal operation mode and is delivering all necessary oil derivatives to the market. The Company's operations are currently being carried out without major disruptions. We will continue to monitor the current situation and adapt our operations to any possible scenario.

In case of new, significant events that may affect our operations, NIS will provide new information.
